LB 439A
LR 132, 134

here to prevent me from making the error, I guess. And anyway, I would like to withdraw this resolution, because it is very similar to a later resolution that I had introduced, and I'm not sure of the number of that one. I think it's about 134,...134, LR 134. So with that, Mr. Speaker, I would ask permission to withdraw the resolution.

It involves a reallocation of a little over \$3 million a year. But again, no General Funds. It's the splitting up of the funds. And updates the fiscal note to accommodate the Select File amendment. Thank you.

SENATOR CUDABACK: Thank you, Senator Beutler. You've heard the
